

The diagram illustrates a game tree for a 6-player game. The root node is labeled "ROOT 5 -3 6 1 -4 2". The tree branches out into several levels of nodes, each representing a player's turn to move. The nodes are labeled with sequences of numbers representing the game state. The branches are labeled with numbers and signs, indicating the action taken by the player. The tree ends in terminal nodes representing the final outcome of the game.
