

The diagram illustrates a game tree for a 3-player game. The root node is labeled "ROOT -2 -3 4 6 -1 -5". The tree branches out into several levels of nodes, each representing a game state. Nodes are labeled with game states and player numbers (1, 2, 3) indicating whose turn it is to move. The tree ends in terminal states labeled with game outcomes (e.g., "30-WIN -6 -5", "34-WIN 2 6 1 5 -4 -3 -2 -1"). The diagram is a full game tree showing all possible moves and outcomes for the 3-player game.
