

Diagram illustrating a game tree for a 6-player game, showing the sequence of moves and the resulting game states. The tree starts at the root node (3 -2 -4 -5 1 6) and branches out to various game states. The moves are labeled with blue numbers (1-6) and the game states are labeled with black numbers (1-6). The tree shows the progression of the game, including the final game states and the corresponding move labels.
