

The diagram illustrates a hierarchy of string diagrams. At the top is a single diagram labeled  $-4-2-13-4$ . Below it are four diagrams labeled  $\text{BOX } -4-2-13-4$ ,  $3\text{DEP } -4-5-2-13-4$ ,  $3\text{DEP } -4-5-2-6-4$ , and  $-4-5-2-134$ . These are further expanded into a grid of smaller diagrams, each with a label. The labels include various combinations of  $\text{DEP}$ ,  $\text{BOX}$ ,  $3\text{DEP}$ , and  $4\text{DEP}$  followed by strings of numbers. The diagrams themselves consist of lines (horizontal, vertical, diagonal) and dots, representing different configurations in a mathematical or physical theory.
