

The diagram illustrates a complex tree structure of mathematical expressions, likely representing a game tree or a search space. The root node is $52-4-4-3-1$. The tree branches out into several levels of nodes, each representing a different configuration of numbers. Some nodes are labeled with WIN and WON followed by a sequence of numbers, indicating specific outcomes or states. The nodes are connected by lines, and some nodes have small blue labels next to them, possibly indicating a specific value or state. The tree structure is highly complex, with many branches and sub-branches, suggesting a large search space or a complex game tree.
