

Diagram illustrating a game tree structure for a 6-player game. The root node is labeled "ROOT -3 -6 -4 -2 -1 5". The tree branches out into several levels, with nodes labeled with player numbers and outcomes. The tree is color-coded: blue for nodes where a player has a winning strategy, and red for nodes where a player has a losing strategy. The tree ends in terminal nodes with outcomes like "5-WIN -6 -5 7 4 WIN 2 6 1 5 1 3 1 WIN 6 1 5 4 WIN 2 6 1 5 4 -3 -2 -1 20-WIN -6 -5 3 4 WIN 2 6 1 5 4 -3 -2 -1 47-WIN -6 -5 0 4 WIN 2 6 1 5 4 -3 -2 -1 55-WIN -6 -5 9 4 WIN 2 6 1 5 4 -3 -2 -1".
