

Diagram illustrating a game tree for a 6-player game. The root node is labeled "ROOT 3 6 -4 -1 5 -2". The tree branches out into various nodes, each representing a state of the game. The nodes are labeled with sequences of numbers, some of which are highlighted in blue. The tree structure shows the progression of the game from the root to the terminal nodes, with branches representing different actions or moves. The terminal nodes are labeled with sequences of numbers, some of which are highlighted in blue. The tree structure shows the progression of the game from the root to the terminal nodes, with branches representing different actions or moves.
