

The diagram illustrates a hierarchical tree structure of mathematical expressions. The root node is labeled "6-5-4-3-2-1". It branches into two main paths. The left path leads to "5-4-3-2-1" and then to "4-3-2-1". The right path leads to "5-4-3-2-1" and then to "4-3-2-1". The diagram includes various mathematical symbols like "sqrt", "log", and "exp". The nodes are labeled with numbers and symbols, and the edges are labeled with numbers. The diagram is a complex tree structure with many branches and nodes.
