

Diagram illustrating a game tree for a 5-player game. The root node is labeled "ROOT 1 5-2 3-6-4". The tree branches into five nodes, each representing a player's move. The nodes are labeled with the player whose turn it is to move and the remaining players in order of their turn: 1 2-5 3-6-4, 1 5 6-3 2-4, 1 6-3 2-5-4, 1 5 2 3-6-4, and 1 5-2 3 4 6. The tree continues to branch, showing the sequence of moves and the resulting game states. The final outcome is labeled "4-WIN 1 2 3 4 5 6".
