

Diagram illustrating a sequence of operations and their results, structured as a tree diagram. The root node is labeled "ROOT -3 5 -6 1 2 4". The diagram shows a branching structure with nodes labeled with sequences of numbers and operations (e.g., "DUP", "DRAW"). The nodes are connected by lines, representing the flow of the sequence. The diagram is a complex web of lines and text, representing a hierarchical structure of operations and their results.
