

The diagram illustrates a game tree for a 6-player game. The root node is labeled "ROOT -4 -3 -1 6 2 5". The tree branches out into two main paths. The left path leads to a node labeled "-4 -3 -1 6 2 5", which then branches into three sub-paths. The right path leads to a node labeled "-2 -6 1 -3 4 5", which branches into two sub-paths. Each sub-path further branches into more nodes, some of which are labeled with "DRAW" or "WIN" outcomes. The diagram uses a mix of black and blue text and lines to represent different game states and outcomes.
