

The diagram illustrates a game tree for a 6-player game. The root node is labeled "ROOT 3-4-2-1-5-6". The tree branches out into various nodes, each representing a game state. Nodes are labeled with player indices (1-6) and their current scores. The tree ends in terminal states labeled with the final scores of the six players. The diagram is a visual representation of the game's state space and the sequence of moves.
