

The diagram illustrates a game tree for a 6-player game. The root node is labeled "ROOT -6 4 -5 -3 1 -2". The tree branches out into several levels of nodes, each representing a player's turn to move. The nodes are labeled with the current state of the game, including the scores of the six players. The tree ends in terminal nodes representing the final scores of the game. The diagram is a visual representation of the game's state space and the sequence of moves.
