

The diagram illustrates a game tree for a 6-player game. The root node is labeled "ROOT -4 1 5 -6 -2 -3". The tree branches out into several levels of nodes, each representing a player's turn. The nodes are labeled with the current player's index and the remaining players' indices. The tree ends in terminal nodes representing the final outcome of the game. The diagram is a visual representation of the game's structure, showing the sequence of moves and the resulting payoffs.
