

The diagram illustrates a game tree for a 6-player game. The root node is labeled "ROOT -1 -4 -5 -2 3 6". The tree branches out into several levels of nodes, each representing a different game state. The nodes are labeled with the current player's index and the remaining players' indices. The tree ends in terminal states labeled with the final outcome, such as "5+WIN 1 2 3 4 5 6", "6+WIN 1 2 3 4 5 6", etc. The diagram uses blue lines and text to highlight specific branches and outcomes.
