

Diagram illustrating a sequence of moves in a game tree, starting from a root node and branching out into various configurations. The moves are labeled with numbers and colors (blue and red) indicating specific actions or states.

The root node is labeled $-2 -1 -6 5 3 -4$. The first move is labeled $1-2$ (blue). The tree branches into several paths, each leading to a new configuration of nodes. The moves are labeled with numbers and colors, indicating specific actions or states.

The sequence of moves and configurations shown includes:

- Root node: $-2 -1 -6 5 3 -4$
- Move 1: $1-2$ (blue)
- Configuration 1: $-2 -4 -3 -5 6 1$
