

Diagram illustrating a game tree for a 6-player game, showing the root node and subsequent nodes for players 1 through 6. The root node is labeled "ROOT 4-1-3-2-5-6". The tree branches out to show the sequence of moves and the resulting game states. The nodes are labeled with the sequence of moves and the current game state (e.g., 1-4-3-2-5-6, 4-5-2-3-1-6, etc.). The diagram shows the game tree for a 6-player game, with the root node and subsequent nodes for players 1 through 6. The tree branches out to show the sequence of moves and the resulting game states. The nodes are labeled with the sequence of moves and the current game state (e.g., 1-4-3-2-5-6, 4-5-2-3-1-6, etc.).
