

Diagram illustrating a sequence of operations (DRAW, ERASE, SWAP) on a set of lines, showing the evolution of a structure over time. The sequence consists of 15 diagrams arranged in three rows.

Row 1 (Top): Shows the initial state and the first four operations. The root node is labeled "ROOT -1 -3 2 -5 6 4". The operations are labeled with blue text: "2-1", "2-3", "6-5", "4-3", and "4-5".

Row 2 (Middle): Shows the next four operations. The operations are labeled with blue text: "2DRAW 3 1 2 5 6 4", "1-3 -2 -5 6 4", "1-3 2 5 6 4", "1-6 -5 -2 3 4", "41DUP -1 -6 5 2 3 4", and "49DUP 3 1 2 5 6 4".

Row 3 (Bottom): Shows the final four operations. The operations are labeled with blue text: "3-4", "4-3", "5-6", "2-1", "4-3", "3-2", "4-5", "5-6", "2-1", "3-4", "3 4 5 -2 -1 -6", "1-6 -5 -2 3 4", "13DUP -1 -6 -5 2 3 4", "5-6 1 2 3 4", "23DUP -1 -6 -5 2 3 4", "27DUP -1 -6 -5 2 3 4", "1-6 -5 -4 -3 2", "35DUP -1 -6 -5 2 3 4", "48DUP -1 -6 -5 -4 -3 2", "22DUP -1 -6 -5 2 3 4", "45DUP -5 6 1 2 3 4", "50DUP 3 4 5 -2 -1 -6", "3-2 5-6", "2-1 4-5", "2-1 4-5", "6-5 4-5", "2-1 4-5", "2-1 4-5", "2-1 2-3", "2-1 4-5", "2-1 2-3", "2-1 4-5", "6-5 4-5", "3-2 5-6".
