

Diagram illustrating a game tree structure, likely representing a card game. The tree starts from a root node and branches out, showing various game states and moves. The nodes are labeled with sequences of numbers and suits (e.g., -1 -6 2 -5 3 4, 25DUP 6 1 2 -5 -4 -3, -1 -6 2 3 4 5, etc.). The branches are labeled with cards and suits (e.g., 4,-5, 2,-1, 2,-3, etc.). The tree structure shows a sequence of moves and draws, leading to different game states.
