

The diagram illustrates a game tree for a 6-player game. The root node is labeled "ROOT 4 2 -6 5 1 -3". The tree branches out into several levels of nodes, each representing a player's turn. The nodes are labeled with the current state of the game (a 6-tuple of numbers). The tree ends in terminal states labeled with the final outcome (e.g., "5+WIN 1 2 3 4 5 6", "36+WIN 1 2 3 4 5 6", "25+WIN 1 2 3 4 5 6"). The diagram is a visual representation of the game's state space and the sequence of moves.
