

The diagram illustrates a game tree starting from a root node labeled "ROOT 3-4-5-1-2-6". From the root, there are four main branches leading to nodes labeled "-1 5 4 -3 -2 6", "3-4-5 1 2 6", "3-4 2-1 5 6", and "3 4 2-1 5 6". These nodes further branch out into more nodes, some of which are labeled with outcomes like "DRAW" or "WIN". The tree continues to expand, showing various paths and their corresponding player score distributions.
